'Mom and Dad' Scheduled at Stadium Theatre

Acclaimed by many universities, colleges, national clubs and organizations, as well as officials of most all churches, the new educational hygiene attraction, "Mom and Dad" with an all-star Hollywood cast, comes to the Torrance theater for a three day engagement, starting Monday.

This powerful modern-day drama is clean, moral and educational. Its story is so human it overflows with good fun-yet, it is so humanly true the film has its moments when the tears flow freely. It is a touching and heart-tugging story of youth, and the social problems of today. Certainly, with its thousands of endorsements, its praise from millions who have witnessed it, "Mom and Dad" could not rightly be misconstrued by anyone as anything salacious or immoral, because it is shown only to segregated audiences.

"Mom and Dad" is a simple, human story of every-day life in an average American town. Carl Blackburn, popular biology teacher of the high school, is the character around whom the story weaves thru one interesting episode after another.

Unexpected Epidemic Strikes Again

Present figures indicate that Los Angeles County is experiencing a measles epidemic for the second consecutive year, the L. A. County Health Department reported.

Before 1948 the disease followed a regular pattern, reaching epidemic proportions every second or third year. The present epidemic was not expected in view of last year's peak, it was stated.

The disease is not to be treated lightly. Its danger lies in serious complications many of which are the result of improper care. Good nursing care should be continued for at least a week after the rash disappears.

The peak of the present epidemic has probably been reached by now, it was declared.

E. Carson, publicity chairman.

Fourteen choirs and choruses will be represented. The program will consist of sacred, secular, and folk songs as well as spirituals.
